TIMES: 11:30 a.m. – Registration & Lunch
11:45 a.m. to 12:45 p.m. – Presentation

LOCATION: BCA – Conference Room
536 W. Cook Rd. | Fort Wayne, IN

Cold weather is coming quickly! This workshop is offered to help you prepare and budget for temporary climate control on your projects this upcoming winter season. This program would be appropriate for owners, estimators, project managers, superintendents and others who are involved with temporary heating on your construction projects.

Learning Objectives

- How to estimate the amount of heat needed for a project
- How to determine what type of equipment to use
- How to reduce fuel / energy costs when using temporary heat

**Presented by Tim Badgley, Operations Manager
Sunrise Energy Systems**
